1 INTRODUCTION

RNN Group (comprising the colleges of Rotherham, North Nottinghamshire, Dearne Valley, RNN Training and subsidiary companies) is committed to removing barriers to learning through financial support.

RNN Group will openly, fairly and transparently follow and apply the guidance set by the Education and Skills Funding Agency (ESFA) and Adult Education Budget (AEB).

2 KEY RESPONSIBILITIES

The Deputy Principal/ CEO is the Senior Leadership Team member with overall responsibility for this policy.

The Head of Student Support and Safeguarding oversees the operational aspects of managing all student financial support funds to remove barriers to learning through financial and in-kind support.

3 SCOPE

This policy applies to students studying towards the Education and Skills Funding Agency (ESFA) and Adult Education Budget (AEB) funded further education qualifications that also qualify for bursary support based on funding body criteria.

4 PRINCIPLES

These funds are managed by the RNN Group and are allocated on a first come, first served basis (with the exception of the 16-19 Vulnerable Student Bursary Fund) via an application and assessment process. Students must meet the specified eligibility criteria in order to be considered for any assistance. The rules within this policy are set out at the time of writing and could be subject to change at any time from the ESFA/AEB.

Financial support is intended to remove barriers, to support participation, attendance and achievement.

Application forms received by the Student Financial Support Team will be processed within 20 working days of being received, assuming the correct evidence is attached. Support will be put in place from the date of approval, no payments will be backdated unless there are extenuating circumstances. Payments will commence from the end of September to fund support from October until the end of the course. There is no cut-off date for support applications, however the fund is allocated on a first come first served basis so early applications are recommended. Applicants will be notified of their application outcome in writing by email, text or post.

However, in exceptional circumstances we may use our discretion to pay bursaries to younger students, for example, where a 14-year-old student is following an accelerated study programme. Exceptional circumstances do not include students aged 14 to 16 who are attending an RNN Group College as part of their key stage 4 programme.

Students aged under 19 enrolled on higher education qualifications are not eligible for support.

Bursaries for young people in defined vulnerable groups

Students who meet the criteria, and who have a financial need, can apply for a bursary for vulnerable groups. The defined groups reflect that these students are unlikely to be receiving financial assistance from parents or carers, so may need a greater level of support to enable them to continue to participate. Students should be awarded the amount of support they need to participate based on an assessment of the types of costs they have and not automatically awarded support to the value of £1,200.

To be eligible for the vulnerable bursary, students must be in one of the defined vulnerable groups:

- in care/ Looked after*
- care leavers*
- receiving Universal Credit* (some learners may still receive income support) because they are financially supporting themselves or financially supporting themselves and someone who is dependent on them and living with them such as a child or partner
- receiving Disability Living Allowance or Personal Independence Payments in their own right as well as Employment and Support Allowance or Universal Credit in their own right

Learners on study programmes of 30 weeks or more may receive support up to the value of £1200. This will include in-kind support with costs towards learning, such as travel passes (where applicable), free college meals available on their ID card, equipment purchased through department. The amount/ value of support allocated will be based on need. If a learner is on a course of less than 30 weeks duration a pro rata amount will be awarded. Learners can be awarded above the value of £1200 where it is deemed important to offer a higher level of support. Funds for this will be drawn from the discretionary bursary. Where a learner falls into the Vulnerable Bursary category, but has no need for financial support, the RNN Group should decide on whether no bursary (where there is no need for financial help) be awarded or to award a reduced amount (where there is limited financial help needed).

The RNN Group will work closely with external support agencies to understand the needs of individual learners to ensure the adequate amount of support is allocated, this can be reviewed at any time if circumstances change.

7 ELIGIBILITY AND CONDITIONS FOR SUPPORT FUND FOR FULL-TIME

Students with a gross household income above £35,000 will not be eligible for support unless funds become available at some point during the year or there are extenuating circumstances which can be evidenced. Discretion may be given in extenuating circumstances. Applications will be reviewed after term 1.

The gross household income will be assessed against the household income bands and applied to the

Students wishing to apply for financial support should do so as soon as possible, applications can be assessed prior to enrolment however, no monies will be paid until the student is enrolled, the earliest payments will be made at the end of September to support learners from October onwards. See appendix 1 for more information on the support available.

Applications will be reviewed by a panel including Student Finance and Higher Education representatives. The first review panel will be held week commencing 28th November 2022. Students must meet the specified eligibility criteria and have provided relevant and accurate information about their circumstance, in order to be considered for any assistance.

In the majority of cases this procedure will be followed. However, it is recognised that special circumstance arise that cannot always be written into procedures. Where extreme hardship is evidenced a student may be eligible for additional payments within the year. This would have to be approved by the Head of Student Support and Safeguarding. Students studying Higher Education (HE) courses are directed towards Student Finance England to apply for help with Course fees, loans and childcare grants while studying HE.
