

Animal Care and Land-based Industries

Dog Training

Campus: Dearne Valley College

Code: DACLB003*

Level: 2

About This Course

This qualification has been designed to provide learners with the knowledge and understanding to pursue a career in canine care. Learners will understand the basics of canine anatomy, physiology and behaviour and will be able to provide care, including physical enrichment for canines in their care. This course is suitable for:

- Anyone who has an interest in dogs and wants to learn more about their care and training
- Individuals who are already working with canines for example in Kennels or Veterinary Practices
- Individuals who would like to either work with dogs or set up their own canine related business for example pet sitting or dog walking

What Will I Study?

You will study a combination of the following units depending on your chosen pathway:

- Caring for a Dog
- Dog Anatomy, Physiology and Behaviour
- Canine First Aid
- Dog Sports
- Dog Training Methods
- Employment Preparation
- Enrichment for Dogs

Why Study Here?

- You'll learn in fantastic facilities and be taught by a top team of talented staff
- We pride ourselves on providing a supportive environment. Our class sizes are smaller to ensure that you receive the time and attention you deserve to succeed
- Our teaching team have links with several industry specialists and you'll undertake a relevant work placement to support your studies and prepare you with the skills for success in the world of work.
- We have an exciting programme of enrichment and guest speakers and our intention is to undertake education visits.

Entry Requirements

There are no formal academic requirements
