

Business, Accounting & Retail

Digital Promotion for Business

Campus: Rotherham College

Code: RACBA001#

Level: 2

About This Course

This part time course provides an introduction to the concepts of digital promotion and its use in a practical business setting.

The focus is on developing the skills and knowledge to plan digital promotional activities for Business. This then extends to developing an understanding of how to coordinate the use of digital media to meet business needs and objectives. Being able to use emergent digital techniques to design promotional campaigns and create content is a transferable business skill in significant demand by employers.

You will develop this skill along with the knowledge and practical application of how social media can be used to engage with target audiences.

There are numerous career opportunities that directly link with this qualification: marketing, business, ICT and media. These skills are in high demand by employers across these industries.
