

Computing and Digital

Introduction to Mobile Technology

Campus: Rotherham College

Code: RACCD015#

Type: Part Time

About This Course

This short part time course is for those interested in exploring the uses of mobile technology and understand the benefits and potential associated with apps, mobile technology and Smartphones/tablets.

What Will I Study?

You will learn how to navigate Smartphone/Tablet applications, technologies, security and interactive information.

You will focus on some of the key features and how to use them, including data storage, home screen, status bar, notifications and settings.

Why Study Here?

If you have an interest in enhancing your skills and understanding of using Mobile technology in any format – this course will equip you with the skills and knowledge to utilise and manage your Smartphone and/or Tablet

This is a course for those who wish to improve their general digital literacy and in particular those looking to become more confident on their personal devices.

Entry Requirements

.You will need to have your own smartphone and/or tablet
