

Construction

Electrical Installation

Campus: Rotherham College

Code: RFECN001a

Type: Full Time | Part Time

About This Course

Electricity is essential to everyday life, from being able to wake up on time in the morning to retiring for the night, your life is connected with Electricity. This can be identified by your routine, waking up with an alarm, boiling a kettle, travelling, (railway equipment, traffic lights, airport equipment) tv, cleaning equipment, hospital equipment, power tools. All these components require science.

Our courses enable you to develop your Electrical knowledge, skills & behaviours to the highest level, preparing you for your future career or next level of study.

Becoming an Electrician will mean a continuous learning experience with the introduction of renewable technologies changing the society and world around us.

What Will I Study?

Within Electrical, we offer different levels of study;
