

# Construction

## Plumbing

**Campus:** North Notts College - Worksop Campus

**Code:** W07SP02

**Level:** 1

### **About This Course**

This course is designed to give a basic introduction to, and understanding of, plumbing.

You will develop a range of plumbing skills that will offer a sound basis to progressing to further study, apprenticeships or employment in the industry.

### **What Will I Study?**

You will study a range of topics including:

- Understanding different bending techniques
- Complete jointing techniques
- Fit sinks and taps
- Low carbon steel
- Employability and team work
- English and maths (if required)

### **Why Study Here?**

- You will learn in state-of-the-art facilities using industry-standard equipment
- You will be taught by tutors with a wealth of experience in the industry
- You will participate in industry competitions such as Skill Build, World Skills Competitions and inter-college challenges
- We work in close partnership with local businesses such as Willmott Dixon and Kier Group
- You will undertake work experience and meet with key employers in the trade

## Entry Requirements

No formal entry requirements but you will be expected to have a genuine interest and practical aptitude for the subject.

You will undertake initial diagnostic tests and an interview with a course tutor.

## How To Apply

You can apply using our online application form and clicking the **Apply** button at the top of this page.

For more information support with your enquiry or application please contact Student Services by emailing [contact@nnc.ac.uk](mailto:contact@nnc.ac.uk) [<mailto:info@rotherham.ac.uk>] or by calling **01909 504500**.

## What Courses Can I Progress Onto?
