Engineering

HN Flex - Engineering

Campus: University Centre Rotherham
Code: U06HE05
Type: Part Time

About This Course

HN Flex is the new way to study and develop high level skills which will enhance your career. It is a bitesize way to achieve an HNC/D in your chosen subject area which enables you to study at your own pace in concentrate on one element at a time, as opposed to simultaneously completing several units at once.

What Will I Study?

The units that you can study as part of our Engineering provision are as follows:

- Engineering Design
- Managing a Professional Engineering Project
- Electrical and Electronic Principles
- Mechanical Principles

Why Study Here?

The University Centre Rotherham is a purpose-built centre for higher education which promotes a fantastic learning environment. With state of the art facilities and highly skilled, industry specialist staff, the UCR is a brilliant environment to grow and develop.

Entry Requirements

Applicants must be over the age of 18 and a full level three in a engineering subject area. For those individuals that do not hold a level three but have relevant industry experience, applications will be taken on a case by case basis.

How To Apply

You can apply using our online application form and clicking the **Apply Now** button at the top of the page or contact 01709362111 for more details
