Computing and Digital

T Level Foundation: Digital

Campus: North Notts College - Worksop Campus
Code: W04TP03
Level: 2

About This Course

The T Level Foundation Year is a 16-18 study programme specifically designed to develop the skills, experience, knowledge and behaviours to support progression onto a T Level.

It is a one-year programme aimed at young people who are not quite ready to start a T Level but have the potential to progress onto one.

What Will I Study?

There are 5 elements to the T Level foundation programme:

- **Diagnostic and Guidance Section**
  This is to help us assess the capability and support needs to tailor the individual support for the Foundation Year and help you progress onto the T Level programme.

- **English and Maths**
  If you have not achieved a GCSE English and Maths at a grade 4 you will have general and tailored sessions to help you achieve the required level.

- **Work Preparation and Employability Skills**

To support you in developing the skills, behaviours, attitude, and confidence that will be needed for students to complete the T Level Industry Placement.

- **Introductory Technical Skills**
  These are the core skills and concepts that you will need in order to prepare for the next level

- **Pastoral Support and Personal Development**
  This supports you to become a well-rounded individual as well as support the development of study skills, reflective and resilience skills.

Why Study Here?

- Prepare for future study on our main T level in Computing with this foundation course to help you develop the skills such as Programming, Maths, English and Employability.

- Learn from experienced staff with a range of specialist skills.

- Use industry standard software and equipment to learn and develop your computing skills.

- Learn through practical coding and developing solutions.

- Use a range of hardware and electronic equipment to bring your programming skills to life.

- Take part in challenges and code clubs to enhance your skills and prepare yourself for future studies.

- Brand new facilities with top of the range equipment.

- A chance to enter world skills events and test your programming skills against others.

How To Apply

You can apply using our online application form and clicking the **Apply Now** button at the top of this page.
