Engineering

Motor Vehicle

Campus: North Notts College - Worksop Campus
Code: W06SP03
Level: 1

About This Course

Step into the automotive industry by building foundational motor vehicle knowledge and practical workshop skills. Working alongside experienced tutors, you will tackle routine servicing as well as engine, chassis, and electrical systems, plus gain early experience with hybrid and electric vehicles. Developing essential business and enterprise skills alongside your practical training gives you the ideal springboard onto a Level 2 automotive qualification.

What Will I Study?

Throughout this course, you will explore:
• Health and safety, workshop
tools, and equipment
• Routine vehicle maintenance and servicing
• Engine
systems
• Chassis systems
• Automotive electrical systems
• English and
maths (where required)

Why Study Here?

While studying here, you will benefit from:
• Training in modern workshops
with industry-standard equipment
• Learning directly from experienced
automotive professionals

• Work experience placements in local garages
•
Attending motor vehicle industry events
• Hearing from automotive guest
speakers

Entry Requirements

To qualify, you will need:

• GCSE Maths and English at grade 3 (minimum)
• A genuine interest in the motor vehicle industry
• Successful completion of an interview with a course tutor
