Construction

Plumbing

Campus: North Notts College - Worksop Campus
Code: W07SP05
Level: 2

About This Course

This course is designed to provide the broad knowledge and skills required to become a qualified plumber.
You will gain knowledge and develop a range of
plumbing skills that will offer a sound basis to progress to further study, apprenticeships or employment in the industry.

What Will I Study?

You will study a range of topics including:

- Cold water systems
- Hot water systems
- Sanitation
- Central heating systems
- Drainage systems
- Various plumbing techniques
- Installation of various pipework, materials and components
- Develop your practical skills and use of craft tools
- English and maths (if required)

Why Study Here?

- You will learn in state-of-the-art facilities using industry-standard equipment
- You will be taught by tutors with a wealth of experience in the industry
- You will participate in industry competitions such as Skill Build, World Skills Competitions and Inter-college Challenges
- We work in close partnership with local businesses such as Willmott Dixon and Kier Group
- You will undertake work experience and meet with key employers in the trade
