

Esport

Advanced Computing and Digital

Campus: Rotherham College

Code: RFECD007#

Level: 3

About This Course

This qualification is designed to support learners who are interested in a two-year, full-time course that meets entry requirements for a course in computer-related study at higher education. The qualification enables learners to explore a choice of sector areas, enabling progression to either higher education or employment in the computing sector.

What Will I Study?

You will study a range of topics including:

- Planning and Management of Computing Projects (Exam)
- Software Design and Development Project (Exam)
- Impact of Computing
- Virtualisation
- Computer Networking
- Object-oriented Programming
- IT Systems Security

Why Study Here?

- Learn from industry-experienced and well-qualified tutors who have spent many years in both teaching and the industry sector. They also have specialist qualifications and knowledge to bring to their teaching
- Participate in work placements to boost your skills

- Take part in cross-college events
- Hear from a range of guest speakers and benefit from our industry specific qualification

Entry Requirements

This qualification is designed to support learners who are interested in a two-year, full-time course that meets entry requirements for a course in computer-related study at higher education. The qualification enables learners to explore a choice of sector areas, enabling progression to either higher education or employment in the computing sector. Most learners come onto this course after successful completion of the Foundation Diploma in Computing due to this being the second year of the BTEC Level 3 Diploma
